

## Dear friends.

It's my great pleasure to inform you that we as team arrived home safely from North Korea Thursday Dec.2<sup>nd</sup>. Many of our friends and families was worry for us while we were there because of the world new about the shooting of Nord Korea against the South Korea on Tuesday Nov.30<sup>rd</sup>. We did not know anything about that before the next day we call our head office in Sweden from our hotel room. There is only one TV channel with lot of propaganda about the "dear leader" of the country. Nothing about the fight as we cud see and of course everything was In Korean language.

As long we keep us self inside of the frame and schedule the authorities make for us is no problem.

We meet all the attention we expected and gratitude from the staff of the central hospital in the capital Pyongyang and staff in the different orphanages we visited. They expressed they thankfulness for the help we donated in previous aid spring 2008, and earnestly wanted to cooperate with us in future, as even the head authorities in the Foreign Affairs Ministry expressed.

**As told in my previous Newsletters, the door is wide upon for us to make further efforts in future.**

Sometimes we can got very frustrated because on one side the need of humanitarian aid is bottomless in the country under the present system, while the elite of the communist party do lives in luxury and plenty and all are afraid to blame the leadership of the country.

However our God through our Mission organization Trosnistan in Sweden has got a name in the country. In the Name which is above all names in heaven and earth God will restore his church in that country as in previous days when the country experience revival 110 years ago which not God forget.

We did clearly declare that we are a Christians and represent a Christian Mission Organization in Sweden.

**We are the light of the world and as long we are in the country we carry the light into the nation.**

They asked us several times, please come back and help us. We did not give any promises about further effort of help.

It depends upon the development of politically situation in the country and the respond we get in our network at home.

If you have some comments you are free to write and share your thoughts in this ministry.

Your brother in the Lord

**Which you all a Marry Christmas and blessed New Year 2011.**

and the darkness did not overcome it**
